Railway Recruitment Board/Kolkata**

Sub : Non-completion of Medical Examination (CEN-01/2018)

Candidates of CEN-01/2018 after completion of document verification are being sent to different hospitals for completing their medical examination. It is learnt from the Hospital Authority that a number of candidates have either not reported to their respective Hospitals for medical examination or are found to be absconding and not completed their medical examination after reporting. Some candidates were advised by the Doctors for doing certain medical tests from private hospitals/wear spectacles etc and then report to the Hospitals to complete their medical examination. Non-completion of medical examination by such candidates is seriously affecting the entire process and subsequently delaying the submission of panels.

Emails to their registered e-mail ID are being sent/has already been sent to such candidates to report to Office of RRB/Kolkata, Metro Railway A.V.Complex,Chitpur, R.G.Kar Road, Kolkata-700037 immediately for completion of their medical examination. They have also been given a final date for reporting to RRB/Kolkata office for completion of medical examination. They were also contacted through their registered mobile for completion of the medical examination process. Some candidates could not be contacted because of their registered mobile being either switched off or not available.

All candidates are advised to see their registered email ID for such emails sent from RRB/Kolkata if any and report to RRB/Kolkata office immediately for completion of the medical process.

CHAIRMAN,RRB/KOLKATA
